

To all FCC Commissioners:

I am no technical expert; and I am too late to change your recent vote. Yet I wish to say that changes to FCC rules relaxing the controls on media ownership will allow concentration and consolidation of broadcast media, truly frighten me. Those on all sides of the political spectrum did not wish this relaxing of rules. Perhaps my fears of media control are groundless, but I cannot see this. I would love to be convinced otherwise.

Respectfully,
Ardys Lois De Lu
